**CORPORATION OF THE
MUNICIPALITY OF CALLANDER**

BY-LAW No. 2014-1407

**A By-law to regulate the use of land and the character,
location and use of buildings or structures
in the Municipality of Callander.**

Purpose and Effect:

By-law No. 2014-1407 is intended to regulate the use of all lands, buildings and structures within the Municipality.

This By-law permits and regulates the use of land as shown on Schedules 'A' and 'A-1' to the Zoning By-law. Uses that legally existed prior to the date of adoption of this By-law will be permitted to continue. Any new use not specifically permitted by the By-law is prohibited. New development occurring after this By-law comes into effect must comply with the regulations set out in the By-law.

WHEREAS authority is found in Section 34 of the Planning Act to pass by-laws prohibiting and regulating the use of lands, buildings, and structures and the type of construction, height, bulk, location, spacing and character of buildings and structures to be erected or altered;

AND WHEREAS this By-law conforms to the Official Plan for the Municipality of Callander

AND WHEREAS the Council of the Corporation of the Municipality of Callander now deems it desirable and in the public interest to rescind By-law 2003-857 and all Amendments thereto, and enact a new Comprehensive Zoning By-law

NOW THEREFORE the Council of the Corporation of the Municipality of Callander enacts a By-law as follows:

SECTION 1 ADMINISTRATION

1.1 Title

This By-law may be referred to as "The Zoning By-law for the Municipality of Callander".

1.2 Lands Affected by this By-law

This By-law applies to all lands within the geographic Municipality of Callander. The provisions of this By-law may not apply to Crown Land. However, the Crown shall have regard to the provisions of this By-law when considering land uses on Crown Land.

1.3 Compliance with Zoning By-law

No person shall change the use of any building, structure or lot or erect or use any building or structure or use or occupy any lot or building in whole or in part, except in conformity with the provisions of this By-law.

1.4 Compliance with Other By-laws

In the event of any conflict within this By-law or with any amendment to this By-law or with the requirements of any other By-law, the most restrictive or the By-law imposing the higher standard shall govern and apply unless the context clearly requires otherwise.

1.5 Compliance with Other Restrictions

Nothing in this By-law shall be construed to exempt any person from complying with any restrictions or regulations lawfully imposed by the Municipality or any other governmental authority or agency having jurisdiction to make such restrictions or regulations.

1.6 Building Permits

The requirements of the By-law must be met before a Building Permit is issued by the Municipality for the erection or alteration of any building or structure. The provisions of the By-law must be met even if a building permit is not required.

1.7 Administration and Enforcement

This By-law shall be administered and enforced by the Chief Building Official or such other person as the Council designates.

Any person convicted of a violation of this By-law is liable, at the discretion of the convicting Justice, on first conviction to a fine of not more than \$25,000 and on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted.

1.8 Severability Provision

A decision of a Court stating that one or more of the provisions of this By-law are invalid in whole or in part does not affect the validity, effectiveness, or enforceability of the other provisions or parts of the provisions of this By-law.

1.9 Repeal of Existing By-laws

Upon this By-law coming into effect By-law 97-664, 75-126, 76-146, 77-160, 77-166, 77-167, 77-174, 78-177, 78-178, 80-206, 80-214, 80-216, 81-229, 81-231, 83-284, 85-342, 86-364, 88-421, 88-418, 88-424, 90-450, 90-459, 93-545, 94-541, 94-567, 94-576, 95-593, 96-642, 97-648, and all amendments thereto are hereby repealed.

1.10 Effective Date

This By-law shall come into force the day that it was passed in accordance with the provisions of the Planning Act.

1.11 Reference to Legislation

Where this Zoning By-law makes reference to legislation, then the references shall be deemed to mean that as presently existing, or as amended, replaced or re-enacted, from time-to-time by the Province, and shall be deemed to include, in addition to the statute itself, all regulations passed thereunder.

1.12 Zones

For the purpose of this By-law the following zones are established and they may be referred to by the name or by the symbol set opposite the name of the zone as indicated below:

R1	-	Urban Residential
R2	-	Urban Shoreline Residential
R3	-	Urban Semi-Detached Residential
RE	-	Estate Residential
RR	-	Recreation Residential
RM	-	Multiple Residential
RUR	-	Rural Residential
RU	-	Rural
C1	-	General Commercial
C2	-	Local Commercial
C3	-	Highway Commercial
CR	-	Resort Commercial
GM	-	Gateway Mixed Use
I	-	Institutional
M1	-	General Industrial
M2	-	Industrial Park
MP	-	Extractive Industrial Pit
MQ	-	Extractive Industrial Quarry
MD	-	Waste Disposal
OS	-	Open Space
CL	-	Crown Land
EP	-	Environmental Protection

1.13 Zone Schedule

The zones and zone boundaries are shown on Schedules A, and A1 attached hereto and forming part of this By-law.

1.14 Determining Zone Boundaries

The extent and boundaries of all zones set out on the Schedules forming part of this By-law shall be interpreted in accordance with the following provisions:

- a) A zone boundary which is shown approximately at a lot line on a Registered Plan of Subdivision or Condominium, Reference Plan or Municipality lot line shall follow such lot lines.
- b) A zone boundary shown approximately at the centre line of a highway, street, road, lane, right-of-way, railway, electrical line, gas line, oil line or other transmission line is considered to be the centre line of the highway, street, road, lane, right-of-way, railway, electrical line, gas line, oil line or other transmission line.
- c) Unless the location of a zone boundary is specified by dimensions on the zoning map, a zone boundary which lies within a lot shall be fixed by the scale of the Schedule upon which it is shown.
- d) A zone boundary shown following approximately a shoreline or the centre line of a creek, stream or channel is considered to be the shoreline or centre line and moved with any natural changes to the waterbody or watercourse.
- e) Where a zone boundary is shown on the Schedules attached hereto, the zone symbol within that boundary shall apply to all land within such boundary. All lands below the surface of a navigable waterbody or watercourse shall be deemed to be in the Open Space (OS) Zone.

1.15 Exceptions to Zones

Where a Zone Symbol on the Zone Maps is followed directly by a dash and number (for example RU-5), the land so designated shall be subject to, and used in accordance with, all provisions of this By-law applicable to the zone represented by such symbol except as otherwise specifically provided by the special provisions of the exception zone set out in this By-law.

1.16 Holding Provisions

Where a Zone Symbol shown on the Zone Maps is followed by a Holding (H) Symbol, a By-law must be passed under Section 37 of the Planning Act prior to the lands being used in accordance with the permitted uses and zone provisions. Specific Holding provisions are outlined in Section 3.20.

1.17 Permitted Uses

Where this By-law specifically permits a use in a Zone or Zones, only those uses specifically identified shall be permitted in that Zone.

1.18 Metric Conversion Table

This table has been included in the By-law to summarize standard conversions found in this By-law. To convert to metric divide the imperial value by the conversion standard in the table. To convert to imperial multiply the value by the conversion standard in the table.

Metric Unit	Imperial Unit	Conversion (Metric to Imperial)
Centimeters	Inches	0.39
Metres	Feet	3.28
Square Metres	Square Feet	10.7
Square Metres	Acres	0.000247
Hectares	Acres	2.47

**SECTION 2
GENERAL PROVISIONS**

2.1 Accessory Buildings, Structures and Uses

a) Permitted Uses

Where this By-law, or an amendment to this by-law provides that a lot may be used and a building or structure may be erected or used for a purpose, that purpose shall include any accessory building or structure or accessory use provided that:

- i) a valid building permit for the principal use, if required, is issued
- ii) that the principal building or structure is already in existence on the lot;
- iii) the accessory building or structure shall not be used for human habitation except where specifically permitted by this By-law.

b) Setback and Yard Requirements

Except as otherwise provided by this By-law, any accessory building or structure shall comply with the yard requirement of the zone within which it is located. This provision shall not apply to prevent the construction of docks, marine facilities, pumps or pumphouses as may otherwise be permitted in this By-law. Unless specifically provided for, no accessory buildings or structures shall be permitted between the main buildings or structure and the front yard lot line.

c) Lot Coverage and Height

The total lot coverage of all accessory buildings and structures, regardless of floor area, but excluding swimming pools, shall not exceed 10 per cent of the lot area. On lots less than 5 hectares, the maximum height of any accessory building or structure in any zone shall not exceed 6 metres. Agricultural buildings in excess of 30 square metres shall be considered as primary buildings.

- i) Height Exemption

Notwithstanding the height provisions of this By-law to the contrary, nothing in this

By-law shall apply to prevent the erection, alteration, or use of a barn or silo, a church spire, a belfry, a flag pole, a clock tower, a chimney, a water tank, a radio or television tower or antenna, an air conditioner duct, a grain elevator, incidental equipment required for processing, external equipment associated with internal equipment or machinery and conveying equipment, electric power, mast or transmission towers, smokestack, fire lookout tower, roof-top structure containing mechanical equipment pertaining to the operation of the building, skylight, solar collector, bell tower, church tower, satellite dishes and antennas, and other similar structures which exceeds the maximum height requirements provided the main use is permitted within the Zone in which it is located and provided all other applicable provisions of this By-law are satisfied.

d) Maximum Ground Floor Area for Accessory Buildings

Within the Rural (RU) Zone, Rural Residential (RUR) Zone and the Recreational Residential (RR) Zone, the maximum ground floor area of any one detached accessory building or structure is 112m² unless another provision of this By-law is more restrictive. This provision shall not apply to agricultural buildings.

e) Accessory Structure Encroachments

Notwithstanding the yard and setback provisions of this By-law to the contrary the following accessory structures are permitted to encroach into the minimum yard and setbacks required by this by-law by the distance specified in Table 1: Permitted Encroachments.

TABLE 1: PERMITTED ENCROACHMENTS

Accessory Structure	Permitted Encroachment
Sills, belts courses, cornices, eaves, canopies, gutters, awnings, eave troughs, chimneys, pilasters or any other architectural ornament or similar structure	0.6 metres into any yard
Fire escapes, exterior staircases	0.9 metres into rear and exterior side yard
Bay windows	0.9 metres over a maximum of 3 metres in the front, rear and exterior side yards
Balconies	1.8 metres in any yard
Decks in excess of 2.4 metres above finished grade	1.8 metres in a front, rear or exterior side yard, but not closer than 1.2 metres to any lot line
Decks, or patios, and steps accessing a deck or patio 2.4 metres or less above finished grade	1.8 metres in a front or exterior side yard and 4 metres in a rear yard only, but not closer than 1.2 metres to any lot line.
Private septic systems	Permitted in all yards, but are required to meet setbacks from watercourses and waterbodies
Satellite dish exceeding 1.0 metre in diameter	Permitted in interior side yard and rear yard. Prohibited in front yard and exterior side yard
clothes poles, flag poles, garden trellises, retaining walls, fences having a maximum height of 1.8 metres, signs	Permitted in all yards

f) Boat Dock or Launching Ramp

Notwithstanding the yard provisions of this By-law to the contrary, a boat launching ramp or a dock may be erected and used in any yard, or adjacent to the front lot line of a lot abutting a navigable waterway, provided such ancillary structure is located no closer than 1.5 metres (to the side lot line or the 90 degree projection of the side lot line where it meets the tangent of the front lot line at the shoreline to a distance of 30 metres.

Docks associated with a residential use shall not exceed 15 metres in length from the normal high water mark

Docks extending from a property with Commercial zoning shall be permitted to extend a maximum of 30 metres in length from the normal high water mark.

Where the frontage of a residential lot is zoned Environmental Protection (EP) in its entirety a floating dock, having a maximum width of 0.8 m shall be permitted, except on Grand Trunk Island, where private docks are prohibited.

g) Boathouses

Notwithstanding the yard and setback provisions of this By-law to the contrary, a boathouse may only be constructed on a lot abutting a navigable waterway where the lot complies with the minimum lot frontage and lot area requirements of the Zoning By-law. Where a boathouse is permitted it shall be subject to the following provisions:

- i) maximum width 11 m or 25% of the lot frontage, whichever is lesser
- ii) minimum side yard from extension of side lot line 6 m
- iii) maximum building height above average high water mark 5 m
- iv) maximum building size 108 sq. m
- v) There shall be no habitable space or dwelling unit(s) permitted within a boathouse
- vi) Sanitary facilities within boathouses are prohibited
- vii) Only one boathouse shall be permitted on a property

h) Docks and Boathouses – Cumulative Width

Docks and a boat house associated with a residential use shall not exceed a width of 25% of the lot frontage to a maximum of 15 metres.

i) Garages or Other Accessory Buildings or Structures

Notwithstanding the yard and setback provisions of this By-law to the contrary, unless otherwise specified in this By-law, a detached private garage or other accessory building or structure may be erected and used in an interior side or rear yard, provided that:

i) Interior Side Yard

Where such accessory building or structure is located in an interior side yard in an urban area, it shall not be closer than 1.2 metres to the interior side lot line.

Where such accessory building or structure is located in an interior side yard in a rural area, it shall not be closer than 3.0 metres to the interior side lot line.

ii) Rear Yards

Where such accessory building or structure is located in a rear yard in the urban area, it shall not be closer than 1.5 metres to the rear lot line except, where the rear lot line abuts a municipally maintained road, it shall not be closer than 10 metres to the rear lot line, unless otherwise specified in this By-law.

Where such accessory building or structure is located in a rear yard in the rural area, it shall not be closer than 3.0 metres to the rear lot line except, where the rear lot line abuts a municipally maintained road, it shall not be closer than 10 metres to the rear lot line, unless otherwise specified in this By-law.

On waterfront properties where the water's edge is determined to be the frontage of the property, the minimum setback from the rear lot line, which abuts onto a municipally maintained road, shall be 1.5 metres.

iii) Commercial and Industrial Uses

Notwithstanding the foregoing provisions, buildings and structures accessory to a Commercial or Industrial use comply with the required interior side lot line.

iv) Rural, Extractive Industrial Pit, Extractive Industrial Quarry and Waste Disposal Zones

Notwithstanding the provisions of this section, an accessory building may be permitted in the front or exterior side yard of a property within a Rural (RU), Extractive Industrial Pit (MP), Extractive Industrial Quarry (MQ) or Waste Disposal (MD) Zone provided the accessory building is setback 15 metres from the front lot line and 15 metres from the exterior side lot line in the Rural Zone and 30 from the front lot line and 30 metres from the exterior side lot line in the Extractive Industrial Pit (MP), Extractive Industrial Quarry (MQ) or Waste Disposal (MD) Zone.

 - iii) it has a minimum front yard of 8 m; and,
 - iv) the height shall not exceed 3 m.
- k) Separation for Accessory Buildings

Unless specifically provided for in this By-law, the minimum separation between an accessory building and a main building on the same lot shall be 1.8 metres from any point of the buildings including eaves.

- l) Hot Tubs

No hot tub shall be located within 10 metres of the shoreline of any waterbody or watercourse.

- m) Cloth Covered Structures

For the purposes of this By-law, permanent buildings covered with cloth, plastic or similar flexible materials shall be required to meet the same setback requirements as permanent accessory buildings and structures. There shall only be one (1) permitted per dwelling unit in any Residential Zone.

Temporary and/or seasonal buildings covered with cloth, plastic or similar flexible materials may be permitted, but must remain compliant with the Community Standards By-law.

- n) Outdoor Furnaces

Outdoor furnaces used for burning wood, coal or fuel shall not be permitted in any R1, R2, R3, RE, RM, C1, or C2 Zone. Where an outdoor furnace is permitted, it shall be setback a minimum of 10 metres from any lot line and shall not be permitted in a front yard.

2.2 Accessory dwelling units

Notwithstanding any other provisions of this By-Law to the contrary, the following provisions shall apply to permit the construction of an accessory dwelling unit, as an accessory use to a single-detached, semi-detached dwelling. An accessory dwelling unit is only permitted within a dwelling unit or an accessory building within the Urban Low Density Residential Zone (R1), Urban Semi-Detached Residential (R3), Estate Residential (RE), Rural Residential (RUR), Rural (RU) or any special zone in the R1, RE, RUR, and RU zones.
General

- a) A maximum of two (2) accessory dwelling units will be permitted per lot.
- b) Any accessory dwelling unit shall not be greater than 50% of the gross floor area of the principal dwelling on the lot, up to a maximum gross floor area of 100 square metres. When accessory dwelling units are constructed within the existing principal residential structure on the lot, each accessory dwelling unit shall be less than the

gross floor area of the principal dwelling unit.

- c) Any accessory dwelling unit shall not be permitted to be a boat house
- d) Any accessory dwelling unit shall not be severed from the lot that contains the principal dwelling.
- e) The maximum height for a detached accessory dwelling unit shall not exceed the height of 6 metres
- f) One additional parking space must be provided for an accessory dwelling unit and may not be stacked parking.
- g) An addition or exterior alteration to an accessory dwelling unit is permitted provided that it does not have more than one entrance to the exterior of the main dwelling unit that faces a public road;
- h) Where an accessory dwelling unit is established on a lot, neither a Bed and Breakfast Establishment, Group Home, nor any other rooming units are permitted on that lot.
- i) A maximum of one (1) detached accessory dwelling unit shall be permitted on a lot and a balcony shall not be permitted on a detached accessory dwelling unit. A travel trailer or other recreational vehicle may not be used as a detached accessory dwelling unit.
- j) A detached accessory dwelling may be one or two storeys in height with a maximum height equal to the accessory building provisions for the zone in which it is located. A detached accessory dwelling unit may be permitted as part of an accessory structure and may be located on the second storey of an accessory structure.
- k) Any detached accessory dwelling units shall not be located within the front yard of the lot and shall not be located more than 30 metres from the principal dwelling on the lot.
- l) Any detached accessory dwelling unit shall be setback a minimum of 1.2 metres from the rear and side lot line.
- m) Any detached accessory dwelling unit shall be setback a minimum of 3 metres from the exterior side lot line.
- n) Any accessory dwelling unit shall not be permitted on a lot serviced by a private septic system, where the lot is located within 300 metres of Callander Bay.
- o) Any accessory dwelling unit shall not be located within any area subject to natural hazards such as flooding or erosion hazards.

2.3 Access and Frontage Requirements

- a) Year Round Maintained Public Road

No person shall erect any building or structure in any Zone after the date of passing of this By-law, unless the lot upon which such building or structure is to be erected has frontage and access to a year round maintained public road, or legal access to a year round maintained public

road.

The above provisions shall not apply to prevent the erection of a permitted building or structure on a lot in registered plan of subdivision where a Development Agreement has been entered into with the Municipality, notwithstanding that the road or roads will not be assumed by the Municipality until the end of the maintenance period, nor shall it apply to prevent the enlargement, extension, renovation, reconstruction or other structural alteration of a legally existing building or structure, which is located on a lot which does not have frontage upon an improved public road, provided the use of such building or structure does not change and is permissible within the Zone in which it is located.

b) Frontage on Private Road

Notwithstanding the provision in 2.3 (a) where an existing lot abuts a private road or private right-of-way, a use, building or structure shall be permitted on such lot, in accordance with the applicable provisions of this By-law provided such private road or private right-of-way existed as of the date of passing of this By-law.

c) Condominium Roads

Notwithstanding the provisions in 2.3 a), where a private road is the common element in a Plan of Condominium, and where a Development Agreement has been entered into with the Municipality, notwithstanding that the road or roads will not be assumed by the Municipality, a use, building or structure shall be permitted, in accordance with the applicable provisions of this By-law.

d) Navigable Waterway

Notwithstanding the provisions of 2.3 (a) where a lot is an island, a use, building or structure shall be permitted in accordance with the applicable provisions of this By-law) Existing Recreation Residential (RR) Lots

e) An existing lot zoned Recreation Residential (RR) shall be exempt from the provisions of subsection 2.3(a) where such lot is in a registered plan of subdivision registered before June 24, 1974.

2.4 Antennae, Towers, Satellite Dishes

Radio and televisions antenna towers, satellite dishes that are greater than 2 metres in height and dish antennas less than 10 metres in height and other similar structures are permitted in any zone provided they meet the minimum requirements of the zone in which they exist and are not located in any front yard or exterior side yard.

2.5 Dwelling Units on a Lot

Unless specified elsewhere in this By-law, no more than one dwelling unit shall be permitted on a lot.

2.6 Established Building Line

Notwithstanding the minimum front yard requirements in Section 4 to the contrary, on a lot fronting on a street, that is situated between two existing residential lots where the existing dwellings are no more than 120 metres apart, the required minimum front yard setback for that lot shall be the average of the established front yard setback that lawfully exists on the two abutting lots, or the required front yard for the zone, whichever is the lesser. If the lot has frontage on water, the policy will refer to the rear yard as the established building line. The structure can be not be closer than 3 metres to the corresponding property line.

2.7 Environmental Protection

Lands zoned Environmental Protection (EP), may be included in the calculation of yard requirements and lot area, but only where such lands are above the normal or maintained high water mark. Setback requirements in this By-law shall be measured from the limit of the normal or maintained high water mark.

2.8 Flood Elevation and Minimum Opening Elevation

The regulatory flood elevation for Lake Nipissing is 197.25 meters Canadian Geodetic Datum (C.G.D.) Notwithstanding any other provision of this By-law to the contrary, no building or structure used for human habitation abutting the shoreline of Lake Nipissing shall be constructed having an external opening elevation of less than 197.55 meters C.G.D.

Flood Proofing Minimum Opening Elevation – 197.55 meters C.G.D. and
Wave Up-rush and Erosion Protection – 197.55meters C.G.D.

Other watercourses – Development adjacent to a watercourse may require a flood study.

2.9 Group Homes

No Group Home shall be located within 200 metres of another Group Home measured from any lot line.

2.10 Height Exceptions

Section was moved to 2.1 c) through Housekeeping Amendment on October 10, 2023.

2.11 Home Occupation

Where a Home Occupation is a permitted use the following regulations shall apply:

- a) in addition to persons living on the premises, a maximum of one assistant, may be engaged in the occupation of providing merchandise and/or services to customers;
- b) no display, other than a non-illuminated sign having a maximum area of 0.5 square metres, shall indicate that a home occupation is being carried on in the dwelling unit.;
- c) there shall be no goods, wares, or merchandise offered for sale or rent from the dwelling which are not manufactured or processed on the premises. The resale of products not manufactured or processed on the

ii) may be used for home industries provided that all of the other provisions in this section are met.

2.13 Human Habitation

Regardless of floor area, no truck, bus, coach, tent trailer, tent, travel trailer, railway car, shipping container or streetcar body shall be used for human habitation within the Municipality of Callander, whether or not the same is mounted on wheels.

2.14 Hunt Camp

The maximum size of any hunt camp shall be 60 square metres.

A Hunt Camp maybe permitted on a lot which does not have direct access to, or frontage on, a maintained municipal road.

2.15 Landscaped Screening Strips

A landscaped screening strip may form part of any required landscaped open space or yard requirement. Within required landscaped screening strip, an unpierced planting strip shall be planted and maintained.

Unless otherwise provided for in this By-law, where a commercial, industrial, institutional or multiple residential land use abuts a lot in a Residential zone, a 1.8 metre high landscaped screening strip shall be required adjacent to the full length. A landscaped screening strip may be interrupted by a pedestrian walkway or driveway, provided that such crossing is perpendicular to the landscaped screening strip.

A landscaped screening strip of at least 3 metres in width shall be required adjacent to the full length of the said lot where a commercial, industrial, institutional or multiple residential lot abuts a Residential zone.

2.16 Loading Spaces

Loading spaces shall be provided and maintained for any building or structure used for any Commercial, Industrial, or Institutional use having a gross floor area greater than 185 square metres in accordance with the following:

- i) a loading space shall not form part of any street or lane;
- ii) loading spaces shall be located on lot having the use for which they are required;
- iii) loading spaces shall be a minimum of 3.6 metres wide by 9 metres long and have a vertical clearance of not less than 4.2 metres.
- iv) access to a loading space shall be by a 3.6 metres wide driveway having a minimum vertical clearance of 4.2 metres and leading to a public road
- v) the minimum number of loading spaces provided shall be one space per 1,858 square metres of floor area and one per each 1,858 square metres or fraction thereof of gross floor area in excess of 1,858 square metres.

2.17 Minimum Dwelling Unit Size

No dwelling unit, except an apartment dwelling unit or townhouse dwelling unit shall have a ground floor area of less than 65m² unless specifically provided for by this By-law.

2.18 Minimum Distance Separation

No building shall be constructed in the Rural Zone or within 1000 m of an intensive Agricultural use in a rural Zone which does not conform to the MDS1 and MDSII Formulas as determined by Schedules B and C, attached to and forming part of this By-law.

Setbacks for new dwellings constructed on lots other than the lot containing the barn from barns containing livestock shall be required in conformity with the MDSI Formula, attached to and forming part of this By-law as Schedule B.

New barns or expansions to existing barns shall require setbacks in conformity with the MDSII Formula, attached to and forming part of this By-law as Schedule C.

2.19 Model Homes

Nothing in this By-law shall apply to prevent the use of any part of any lot in a draft plan of subdivision or condominium description for a maximum of one model home dwelling per lot to a maximum of three model home dwellings per subdivision or condominium description, and an accessory sales office contained within a permitted model home dwelling provided that:

- a) The model home dwelling and accessory sale office shall be directly incidental to the construction of dwellings, services and roads and the sale of lots, units or dwellings in the subdivision or condominium description; and
- b) The model home dwelling and accessory sales office shall be removed or converted to a permitted use if construction of dwellings, services and roads and the sale of lots, units or dwellings in the subdivision or condominium description has been finished or discontinued for a period of 180 days;
- c) Where a model home dwelling is permitted, it shall not be permitted to be used as a residential dwelling unit until it is located on a separate lot and connected to water and sewage services.

2.20 Multiple Uses on One Lot

Where any land, building or structure is used for more than one permitted use, the applicable Zone Provisions of this By-law which serve to regulate each such use shall be complied with. Where there is a conflict in the required standards, the more restrictive provisions shall apply.

2.21 Multiple Zones on One Lot

Where a lot is divided into more than one Zone under the provisions of this By-law, each such portion of the lot shall be used in accordance with the Zone provisions of this By-law for the applicable Zone as if it were a separate lot.

The minimum lot area and lot frontage requirement of the most restrictive zone shall apply for the entire lot.

Where a lot contains multiple zones, one of which is the Environmental Protection Zone, the provisions of this section shall not apply.

2.22 Non-Complying Lots, Buildings and Structures

a) Where a building or structure is located on a lot having less than the minimum frontage and/or lot area, and/or having less than the minimum setback, front yard and/or side yard and/or rear yard required by this By-law, the said building or structure may be enlarged, reconstructed, repaired, renovated, relocated or replaced with new construction provided that:

- i) the enlargement, reconstruction, renovation, repair, relocation or replacement does not further reduce the front yard, and/ or side yard, and/ or rear yard or increase lot coverage beyond the requirements of this By-law;
- ii) the height of the existing legal non-complying building or structure is not increased except where the required yards are met;
- iii) the building or structure is being used for a purpose permissible within the zone in which it is located; and,
- iv) all other applicable provisions of this By-law are complied with.

b) Reconstruction of Existing Building

Nothing in this By-law shall prevent the reconstruction or replacement of a legally existing building that does not comply with the provisions in this By-law, provided that the portion of the building that does not meet the minimum requirements of this By-law is not increased in height or volume and the building is on the same footprint as the previously legally existing building.

c) Existing Undersized Lots

Where a lot, having a lesser lot area and/or lot frontage than required herein, existed on the date of passing of this By-law, or where such a lot is created by a public authority or correction of title, such a smaller lot may be used and a permitted building or structure may be erected and/or used on such lot provided that all other applicable provisions of this By-law are complied with and provided that a sewage system that complies with the regulations under Building Code can be installed on the lands.

Lots which have been increased in size following adoption of this By-law shall be considered to comply with this By-law and may be used in accordance with this provision.

2.23 Non-Conforming Uses

a) Continuation of Existing Uses

The provisions of this By-law shall not apply to prevent the use of any existing lot, building or structure for any purpose prohibited by this By-law if such existing lot, building or structure was lawfully used for such purposes prior to the effective date of this by-law and provided that the lot, building or structure continues to be used for that purpose. Where the use ceases to exist for a period of two years, the use will be deemed to have been discontinued.

b) Exterior Extension

The exterior of any building or structure which was lawfully used prior to the effective date of this by-law for a purpose not permissible within the Zone in which it is located, shall not be enlarged, extended, reconstructed or otherwise structurally altered, unless such building or structure is thereafter to be used for a purpose permitted within such Zone, and complies with all requirements of this By-law for such Zone unless these changes are necessary to provide for flood proofing or insulation of the building.

c) Interior Alteration

The interior of any building or structure which was lawfully used, prior to the effective date of the By-law, for a purpose not permissible within the Zone in which it is located, may be reconstructed or structurally altered for the existing purpose for which such building or structure was lawfully used.

d) Restoration

Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any existing, legal non-conforming building or structure or part thereof, provided that the strengthening or restoration does not increase the building height, size or volume or change the existing, lawful use of such existing building or structure or unless these changes are necessary to provide for flood proofing or insulation of the building.

e) Reconstruction Of Existing Dwellings

Nothing in this By-law shall apply to prevent the reconstruction of any legally existing non-conforming dwelling which is damaged by causes beyond the control of the owner other than flooding, or which is demolished and reconstructed by the owner. A new dwelling may be constructed in the same location on which a dwelling unit existed on the date of the passage of this By-law even if such did not comply with one or more of the provisions of this By-law, but the non-conformity may not be further increased.

Buildings damaged or destroyed as the result of natural flooding shall not be reconstructed except in accordance with the provisions of this By-law.

f) Building Permit Issued

The provisions of this By-law shall not apply to prevent the use of any existing lot, building or structure for any purpose prohibited by this By-law for which the footings or foundations have been legally constructed prior to the passing of this By-law, so long as the building or structure, is substantially completed within one year after the date of the passing of this By-law and a building permit is issued by the Chief Building Official.

2.24 Outdoor Storage

No open or outdoor storage, including the outdoor display or sale of goods and material or vehicles for sale, shall be permitted on any lot in any zone except in a zone where such open storage is specifically permitted by this By-law, and in accordance with the following provisions:

- a) such open storage is accessory to the use of the main building on the lot;
- b) open storage is behind the front or exterior side wall of the main building facing any street, and complies with all yard requirements;
- c) such open storage does not cover more than 15 percent of the lot area; and,
- d) any portion of a lot used for open storage is screened from adjacent uses and streets adjoining the lot, by a building, landscaped screening strip, and/or fence. All fences shall extend at least 1.8 metres in height from the ground.

2.25 Outdoor Storage of Motor Vehicles in Residential Zones

- a) In any Residential Zone, the parking or storing of one commercial motor vehicle on any lot developed for residential purposes shall be permitted, provided that the vehicle is owned or operated by the owner or occupant of the dwelling unit.
- b) No part of any lot in a Residential Zone shall be used for the storage of any vehicle other than one recreation vehicle in an interior or rear yard or as permitted elsewhere in this By-law. This section of the By-law does not prevent a residential property owner from parking an in-season recreational vehicle in their driveway (i.e. boat or trailer in the summer, snowmachine on trailer in the winter, etc.) The recreational vehicle being parked shall not interfere with visibility of traffic, public safety, or the residential amenities of the neighbourhood, or diminish the residential character of the neighbourhood and not encroach upon the Municipal Road Allowance.

2.26 Parking Regulations

- a) **Parking Space Requirements**

Parking spaces are required under this By-law, in accordance with Table 2: Parking Space Requirements. The owner of every building or structure erected or used for any of the purposes listed shall provide and maintain parking spaces and areas accordingly.

If any computation of parking space requirement as set forth in this section results in a number containing a fraction above 0.25, that remaining fraction shall be counted as one parking space.

- b) **Parking Area Surface**

Parking spaces, areas and driveways connecting the parking space or area with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust. Such parking spaces or areas shall,

before being used, be constructed of crushed stone, gravel, asphalt, concrete or similar material and shall include provisions for drainage facilities.

c) Ingress and Egress Provisions

- i) ingress and egress to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least 3 metres but not more than 9 metres in perpendicular width;
- ii) the maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 12.0 metres;
- iii) the minimum distance between any two driveways on one lot or between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 8 metres; and
- iv) the minimum angle of intersection between a driveway and a street line shall be 60 degrees.

d) More Than One Use on a Lot

When a building or structure accommodates more than one type of use, the parking space requirement for the whole building shall be the sum of the requirements for the separate parts of the building occupied by the separate types of use.

e) Parking Area Location on Lot

Notwithstanding the yard and setback provisions of this By-law to the contrary, uncovered surface parking areas shall be permitted in the required yards or in the area between the street line and the required setback.

Unless specifically provided for, all parking shall be provided on the same lot as the building, structure or use for which they are required.

f) Additions To, or Changes In, The Use of Existing Buildings and Structures

The parking space requirements referred to herein shall not apply to any existing building or structure so long as the gross floor area is not increased. If any addition is made to a building or structure that increases its gross floor area, parking spaces for the addition shall be provided as required by the Parking Space Requirement Table. Where a change in use occurs, parking spaces shall be provided for such new use in accordance with the requirements of the Parking Space Requirement Table.

The provision of this paragraph shall not apply to require the establishment of parking spaces for a dwelling that existed at the date of passing of this By-law.

g) Use of Parking Spaces and Areas

Parking spaces and areas required in accordance with this By-law shall

be used for the parking of operative, currently licensed vehicles only, and for vehicles used in operation incidental to the permitted uses on the lot.

h) Dimensions of Parking Space

A required parking space shall have a minimum width of 2.75 meters and length of 5.5 meters, with the exception of a barrier-free parking space which shall have a width of not less than 3.7 meters and a length not less than 6 meters.

i) Aisles and Access to Parking Spaces

Required parking spaces shall be accessed via a aisle having a minimum width of 3 metres for one-way traffic and a minimum width of 6 metres for two-way traffic, and a maximum width of 7.6 metres. The aisle shall be connected by one or two driveways to a road, but shall not be located closer than 15 metres from the limits of the right-of-ways or a street intersection.

j) In any residential zone, parking spaces shall be provided and maintained in an attached or detached private garage or caport, in a side or rear yard, or in the case of a front yard in an area that is well defined and occupies 50 percent or less of the lot area of the front yard. All parking must occur wholly within the property boundaries. The portion of the front yard remaining after installation of a driveway and/or parking space shall be landscaped open space. This provision will only be relevant for new development starting at the time of the passing of this amendment.

k) The exception to 2.25 j) shall be in the case of a residential zone that has a lot frontage of 10.5 m or less, in which case the parking in the front yard shall be well defined and occupy 62 percent or less of the lot area of the front yard. This same exception will also be included for dwellings with accessory dwelling units. This provision will only be relevant for new development starting at the time of the passing of this amendment.

No person shall use or occupy land or erect any building or structure or conduct any activity on land for the purpose of processing, washing, screening, sorting or crushing of rock, sand, gravel, or peat except as expressly provided for in this By-law.

2.28 Public Uses

a) Public Services

The provisions of this By-law, or any amendments to this By-law shall not apply to prohibit the use of any lot or the erection or use of any building or structure for the purposes of public uses provided by the Municipality, or any Public Authority including any Department or Ministry of the Government of Canada or Ontario and, for the purposes of this Section,

shall include Hydro One, any telephone, telegraph or cable TV company and any natural gas distribution system operated by a Company possessing all the necessary powers, rights, licenses and franchises and distributing gas to the residents of the Municipality.

b) Location Restrictions

Notwithstanding any other provision contained in this By-law to the contrary, where a specific public use is only permitted within a specific Zone classification, then such public use shall only be permitted within that Zone or Zones and shall comply with the Zone Provisions of the Zone or Zones in which the public use is permitted, save and except that there shall be no minimum lot area or lot frontage requirement. This provision does not apply to Crown Agencies.

c) Provisions

No goods, materials or equipment shall be stored outside the building or structure located on the lot, except as may otherwise be permitted under this By-law; and

No building or structure erected in accordance with the provisions of this Section shall be used for the purposes of an office or maintenance or works depot.

d) Streets and Installations

Nothing in this By-law shall prevent a public authority from providing or using land as a street nor prevent the installation of a utility main including a water main, sanitary sewer, storm sewer, gas main, pipeline or overhead or underground hydro, telephone or other utility supply or communication line.

2.29 Reduction of Requirements

No person shall change the purpose for which any land, building or structure is used or erect any building, or structure, or construct an addition to any existing building or structure, or sever any lands, if the effect of such action is to cause the original adjoining, remaining or new building, structure or lot to be in contravention with this By-law.

2.30 Resource Management Uses

The provisions of this By-law, or any amendments to this By-law shall not apply to prohibit the use of any lot for the purposes of resource management. In addition, the provisions of this By-law, or any amendments to this By-law shall not apply to prohibit the use of any lot by an individual for conservation purposes, but shall not include the construction of any buildings or structures.

2.31 Restrictions on Dwelling Units in Non-Residential Buildings

Notwithstanding any other provision of this By-law to the contrary, no dwelling unit shall be located within a portion of a non-residential building which has gasoline or other flammable fluids stored in bulk for commercial purposes, in conjunction therewith, and without limiting the generality of the foregoing, a dwelling unit shall not be permitted within a motor vehicle service station, a motor vehicle repair garage, a marina, a motor vehicle body shop or a marine sales and service shop.
